

PLAY BY YOUR RULES.

Corvette coupe, convertible, Z06 and ZR1 (very limited availability) have steadily grown in stature amid the world hierarchy of performance automobiles. Now, two NEW models join the stable for 2010 — Grand Sport coupe and convertible. Inspired by the iconic racing Sting Rays of the 1960s, the GS includes a wider track, aggressive dampers and springs, larger stabilizer bars, and much more. Corvette coupe, convertible and Grand Sport are all powered by a standard 6.2 Liter V8 engine that delivers 430 hp and offers an EPA estimated 26 MPG highway, all with no gas-guzzler tax.
